

The Department of Medicine (DOM), Division of Cardiology at Michael Garron Hospital (MGH) is searching for an Interventional Cardiologist.

Michael Garron Hospital (MGH) is a member of the Toronto East Health Network (TEHN) and part of a vibrant and highly integrated Ontario Health Team. MGH is a community teaching hospital, affiliated with the University of Toronto, and serves one of Canada's most diverse communities. MGH has 470 beds comprised of acute care, rehabilitation and complex continuing care beds. MGH has recently completed a redevelopment project, with a new and state of the art, Ken and Marilyn Thomson Patient Care Centre that opened in 2023.

MGH has longstanding partnerships spanning multiple disciplines with Sunnybrook Health Sciences Centre (SHSC) and embarked on a new stand-alone percutaneous coronary intervention (PCI) program in collaboration with SHSC in 2021. MGH has a dynamic full service cardiac centre with 2 state of the art cath labs, offering PCI, device implantation, nuclear cardiology, cardiac CT, echocardiography, stress testing, ambulatory clinics, Heart Function clinic, CCU and telemetry units.

The successful candidate is expected to have certification in Cardiology by the Royal College of Physicians and Surgeons of Canada and be eligible for licensure in the Province of Ontario. Candidates should have fellowship training and competency in Interventional Cardiology. The candidate will have cath lab privileges at both MGH and SHSC. The candidate will also have the opportunity to participate in non-invasive cardiology activity at MGH, consistent with their training.

The successful candidate will be expected to demonstrate exceptional interprofessional, interpersonal and collaborative skills, and commitment to advance the strategic goals and vision for the DOM and the Division of Cardiology. Experience and interest in medical leadership is considered a desirable asset.

The successful candidate will be eligible for an appointment in the Department of Medicine at the University of Toronto at a rank, commensurate with their qualification and academic achievement. The candidate must demonstrate a commitment to excellence in program development, leadership and academic involvement including participating in committees at the hospital level.

The DOM at MGH is committed to equal employment opportunity regardless of race, color, ancestry, religion, sex, national origin, sexual orientation, age, marital status, disability, or gender identity; all eligible candidates are encouraged to apply. Applications must include a letter of interest, up-to-date Curriculum Vitae, and two letters of reference. Applications must be received by Nov 15, 2026. Select applicants will be invited for an interview. The start time for the position is flexible.

Please forward your application to:

Jo Bootherstone, Administrative Coordinator for
Dr. Christopher Smith
Chief, Department of Medicine
